

Media Literacy – Project Proposal

Identify possible projects, assignments, or content that would benefit from the use of media;

- _____
- _____
- _____
- _____
- _____
- _____

Are any of these projects required by another class? Explain.

Which ones would benefit from media (presentation, culminating task etc.)

What format would best suit this project (Audio, Visual, or a combination of both)? Explain.

What do you hope media will add to your project/assignment/content? (i.e. engaging an audience, delivering information, checking for understanding, extending knowledge) Explain.

What idea(s) do you have for a subject based assignment/project/content that would use a media tool?

What technology tools , or software programs have you researched that would help you create the project above (Mr. C's Wiki, or your own research)?
